

Comprehensive Healthcare Solutions

BGDC is committed to providing a comprehensive and affordable health plan for all our employees. We work hard to maintain our health plan, and also recognize that some employees may have other insurance options available based on their situations.

Every Household Is Unique

Shouldn't your household's insurance solution also be unique ?

To better support the insurance options of all employees, we partnered with the healthcare consulting team of Benefits All In. As a partner with BGDC Distribution, we wanted to make sure that all employees learn about BAI's support tools.

As a third party, they can advocate on your behalf and ensure you are enrolled in the healthcare plan that best fits your needs.

Over the years, BAI has helped thousands of families understand the resources available to them that they were previously unaware of. If you or a loved one has questions about your healthcare options or is going through a health or financial crisis, please contact the BAI team.

[Ellie Truckenbrodt](#) is our BAI Education Resource Specialist.
