

NEW HIRE BENEFIT ENROLLMENT

INFORMATION

New Hire Enrollment

New hires MUST call before the 15th of the month prior to effective date.

To see when your benefits will become effective, please check the eligibility tab in the microsite.

9AM - 6PM EST**

New hire open enrollment is your opportunity to review and enroll in the new benefit coverage options for the current plan year. A benefit counselor will be available via phone to answer questions and process your enrollment. Please note that calling in is mandatory. If you want to enroll or decline coverage, you can do so over the phone.

A licensed counselor will also make two attempts to reach you. You may receive text message communication advising you of your eligibility to call in and enroll.

You cannot make changes to your elections until the next Open Enrollment unless you experience a Qualifying Life Event.

What Do You Need?

Please have all personal information ready for you and your dependents, including full names, social security numbers, dates of birth, and addresses.
