## Thousands of pet parents trust Healthy Paws

Simon tore his ACL and had to have surgery. Healthy Paws paid the invoice in only two days with no questions asked other than to kindly follow up a couple days later inquiring how Simon was recovering. It made a stressful experience easier for us."

— William, ConsumersAdvocate.org

"I want to thank Healthy Paws for helping relieve financial pain! Surgery was recently needed for Riley and was so much more extensive than I had ever assumed it would be. Healthy Paws made it 'pawsible' for her to have everything she needed to be healthy again."
